USDA/FSQS Meat Grader, Chicago, Illinois	June 1, 1977 - April 1, 1978

SUMMARY OF CURRENT POSITION

In my role as Leadership Program Director, I am responsible for four areas of responsibility. The Texas Agricultural Lifetime Leadership Program (TALL), the San Antonio Livestock Exposition – Leadership Extension (SALE-LE), agency leadership programs, TALL Emerging Leaders Program (ALEC 494 Study Abroad/Internship) and Extension international outreach. In this capacity, I am responsible for:

- Administer educational programs and curriculum for the Texas Agricultural Lifetime Leadership and San Antonio Livestock Exposition - Leadership Extension Programs and teach ALEC 494 Study Abroad/Internship.
- Developing financial and human resources to support TALL, SALE-LE and International programs.
- Assisting with AgriLife Advanced Leadership Program, Texas Rural Leadership Program and other statewide Leadership programs that have been modeled after the TALL Program
- Assuring best practices are employed to conduct the business affairs of the TALL Foundation, including Board communication and governance with Texas A&M AgriLife Extension Administration.
- Serving as spokesperson to market the TALL Program to the public and its many constituencies and promoting the SALE-LE Program within the Texas A&M AgriLife Extension faculty.
- Fostering and maintaining effective relationships with components of The Texas A&M University System, key leaders, stakeholders, elected officials, businesses, Ag organizations, and constituents across Texas.
- Teaching ALEC 494 Study Abroad/Internship, 6 credit hour class each first Summer Session
- Host International guests for the Director, Vice Chancellor and/or as invited

Guadalupe County Result Demonstration Handbook, 1978, Texas AgriLife Extension Service

APPLIED RESEARCH

Implemented and evaluated over 150 agricultural result demonstrations in Guadalupe, Knox, Ector and Brazos Counties from 1978 to 1998 to include:

- Variety trials in cotton, corn wheat, grain sorghum and forages
- Fertility trials in cotton, forages and pecans
- Herbicide, fungicide and insecticide trials in cotton, corn and grain sorghum
- Livestock trials in bovine health (VAC45), genetic selection, parasite control, estrus synchronization and nutrition
- Fisheries trials in stocking rates, specie selection, pond weed control and maintaining water quality
- Wildlife trials in food plots, habitat and invader species
- Brush and weed control trials in pastures and ranges by chemical, mechanical and prescribed burning
- Pecan production trials in variety selection, drip systems, micro & macro nutrients, pruning, spacing and harvesting

Implemented no-till farming in Poland and it was showcased in a demonstration plot at the “Corn Days” in Teresin, Skiermiewice, Poland in 2017. This was one of the impacts of hosting the Polish Farmers.

LEADERSHIP EDUCATIONAL PROGRAMS ADMINISTERED

(45 during the past 5 years, total of 125 from 1998 to 2017)

Texas Agricultural Lifetime Leadership (TALL) Program:

TALL is a comprehensive, competitive, multi-session, two-year program for 26 Texas Agricultural industry leaders. Each two-year program consists of 455 teaching hours addressing over 300 critical issues facing our state, nation and world. TALL program includes eight sessions per two-year class to teach the following critical issues and topics:

College Station - Team and group dynamics, semantics of teams, TAMU System, professional image and etiquette, challenge course (ROPES), Bush School of Government, Texas Prison System, Brazos Valley Agriculture, Agriculture Research and Extension, Forest Service, and Texas Vet Diagnostic Lab.

Lubbock/Amarillo - Cattle feeding industry, beef packing plants, wheat, corn, peanuts, cotton, grain sorghum, equine, Texas Tech University, Agriculture research, denim, endangered species, conservation reserve program, ethanol, distiller’s grains, dairy, water and energy issues.

Austin - Legislative process, state agencies, taxes and appropriations, trade, judicial process, transportation and infrastructure, budgets, banking, education, regulation, labor and immigration.

Washington DC/Maryland/Pennsylvania/New York: Congressional process, national agencies, taxes and appropriations, world trade, judicial process, transportation and infrastructure, banking, regulation, labor, immigration, foreign embassies, NAFTA, US Farm Bill, WIC, SNAP, White House briefing, national defense, permitted development rights for agriculture, east coast production agriculture, water, energy and labor.

Houston/Gulf Coast: NASA, Port of Houston, oil and gas industry, urban issues, urban/rural issues, gulf coast ecology, gulf coast agriculture, urban agriculture, food distribution, value added processing and corporate systems.

California: Legislative process, Agriculture policies, water, regulation, energy, labor, immigration, California Agriculture (fruits, nuts, dairy, vegetables, beef), marketing, transportation, irrigation, agriculture research and farm policy.

Tyler/East Texas: Forestry, lumber and paper mills, poultry industry, horticulture industry, endangered species, prescribed burning, beef cattle, hay and fruit production, water, labor, wetlands and recreation.

International Study Seminar: Led classes to China, Russia, Poland, England, Western Europe, Argentina, Brazil, South Africa, India, New Zealand and the Philippines to study foreign governments and policy, world trade & markets, foreign cultures, customs & values and Agriculture Policy, Sustainability and Competitiveness.

San Antonio Livestock Exposition - Leadership Extension (SALE-LE) Program:

SALE-LE is a comprehensive, competitive, multi-session, two-year program for 26 Texas A&M AgriLife Extension faculties. Each two-year program consists of 150 teaching hours of professional leadership development addressing over 120 critical issues. SALE-LE program includes four sessions per two-year class to teach the following issues and topics:

College Station - “Organizational Leadership”: group dynamics, semantics of teams, personality profiles, Texas AgriLife Extension Service, TAMU System, challenge course (ROPES), Texas A&M AgriLife Agencies, Bush School of Government, Leadership and Management

Louisiana - “Leading during a Crisis”: Emergency management, coordinating efforts during a natural disaster, budget shortfalls, LSU System, Agriculture production, research, regulation and marketing, media perceptions and wetlands.

Austin - “Contemporary Issues facing Texas”: Legislative issues and policies, budgets, taxes and appropriations, responsibilities of the legislature, governor’s office and state agencies, conflict management and liabilities and communication.

San Antonio - “Art of leadership”: corporate leadership, military leadership, working with volunteers, Texas cultures, naturalization process, public relations, customer service and employee satisfaction
